## Springtime Fun & Learning at Self4Kids

W  
we've planned meaningful, creative, and active experiences designed to build Skills, Endurance, Leadership, and Flexibility while having fun.

### **Mother's Day Creations & Celebration**

Students will use art and writing to design personalized Mother's Day gifts, expressing their appreciation in thoughtful and creative ways. It's a great chance to practice gratitude and creativity while making something memorable.

### **Memorial Day Reflection & Activities**

We'll explore the meaning behind Memorial Day through stories of service, themed art projects, and group discussions that encourage empathy, respect, and national pride.

### **Spring Art & Music Sessions**

From watercolor techniques to collaborative art and spring-themed rhythm games, students will dive into hands-on projects that challenge their creativity and teamwork.

### **Outdoor Adventures & Nature Challenges**

With nature walks, mindfulness moments, and friendly physical challenges, kids will explore the outdoors while building endurance and strengthening leadership skills.

### **Garden & Butterfly Observation Project**

Students will track plant growth, help care for our garden, and study the life cycle of butterflies, connecting science, responsibility, and a sense of wonder.

At SELF4KIDS, we believe learning is most powerful when active, meaningful, and fun. This month's programming supports personal growth and helps kids gain confidence while exploring the world.

### Important Dates:

Memorial Day: May 26  
we will be CLOSED

### Birthday's:

Liam's Birthday: May 26

## Springtime Fun & Learning at DeeCyDa

We're looking forward to a joyful and active month ahead at DeeCyDa. With spring in full bloom, we have plenty of fun, engaging, and age-appropriate activities planned for our little ones.

### **Memorial Day Activities**

We'll introduce colors and symbols, such as the American flag, through songs and story time while keeping it very simple.

### **Springtime Arts & Crafts**

Our little artists will explore different textures and colors through finger painting, nature-inspired crafts, and fun. We'll also sing many spring songs and do movement games to keep them active and happy.

### **Outdoor Play & Nature Time**

We'll spend more time outside playing with water, bubbles, chalk drawings, and nature walks. This is a great way for the kids to explore their world and build gross motor skills.

### **Butterfly & Garden Fun**

The kids have loved watching our caterpillars become butterflies and helping care for our little garden!  These simple nature experiences teach them about growth, responsibility, and the beauty of the world around us.

At DeeCyDa, we focus on creating a warm, nurturing space where children can learn and grow through play, discovery, and love.
